1994 DEDICATEE

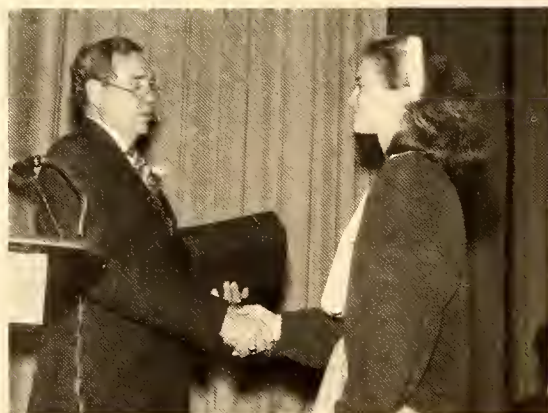

S. Erick Benson was born to Brar Algot and Ellen G. Benson on November 23, 1933 at home in West Bridgewater. He graduated from Howard High School, in the Class of 1952, then went on to earn BS and Master of Education degrees from Bridgewater State College. In 1956, Mr. Benson married Leah A. Soell. The Benson's have two children, Jim and Cheryl, and two grandchildren, Corinne Evelyn and Christopher James Packard. Mr. Benson also has two sisters and a brother.

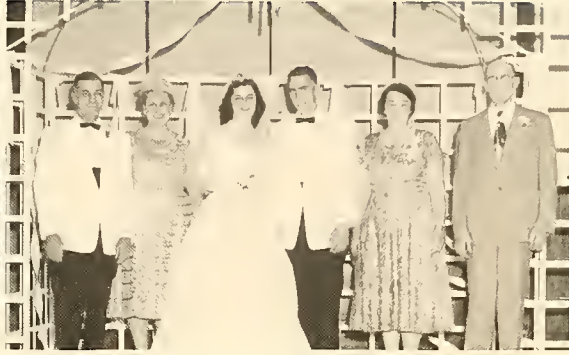

Mr. Benson has been active all his life. From captain of the Howard High basketball team and the Bridgewater State soccer team to founding president of the Lutheran Synod's Emmanuel House, treasurer of the WB Boosters Club, and member of the MIAA and MASPA, Mr. Benson has held many positions in various groups. He is an active member of his church, where he taught Confirmation classes, is vice chairman of the church council, and was chairman of the Personnel Committee.

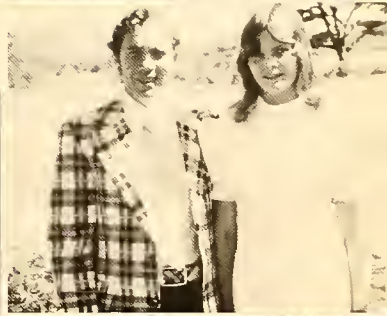

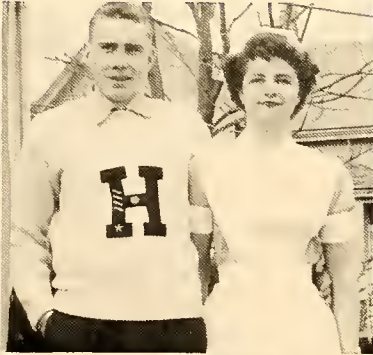

Mr. Benson's first teaching position was as an English and Science teacher at South Junior High in Brockton. He also was the baseball coach there and later served as Assistant Principal for 10 years. Then in August, 1971, Mr. Benson became the principal of West Bridgewater Jr-Sr High School, where he served the longest term of anyone in that position so far. Mr. Benson was appointed Assistant Superintendent of Schools in June 1993.

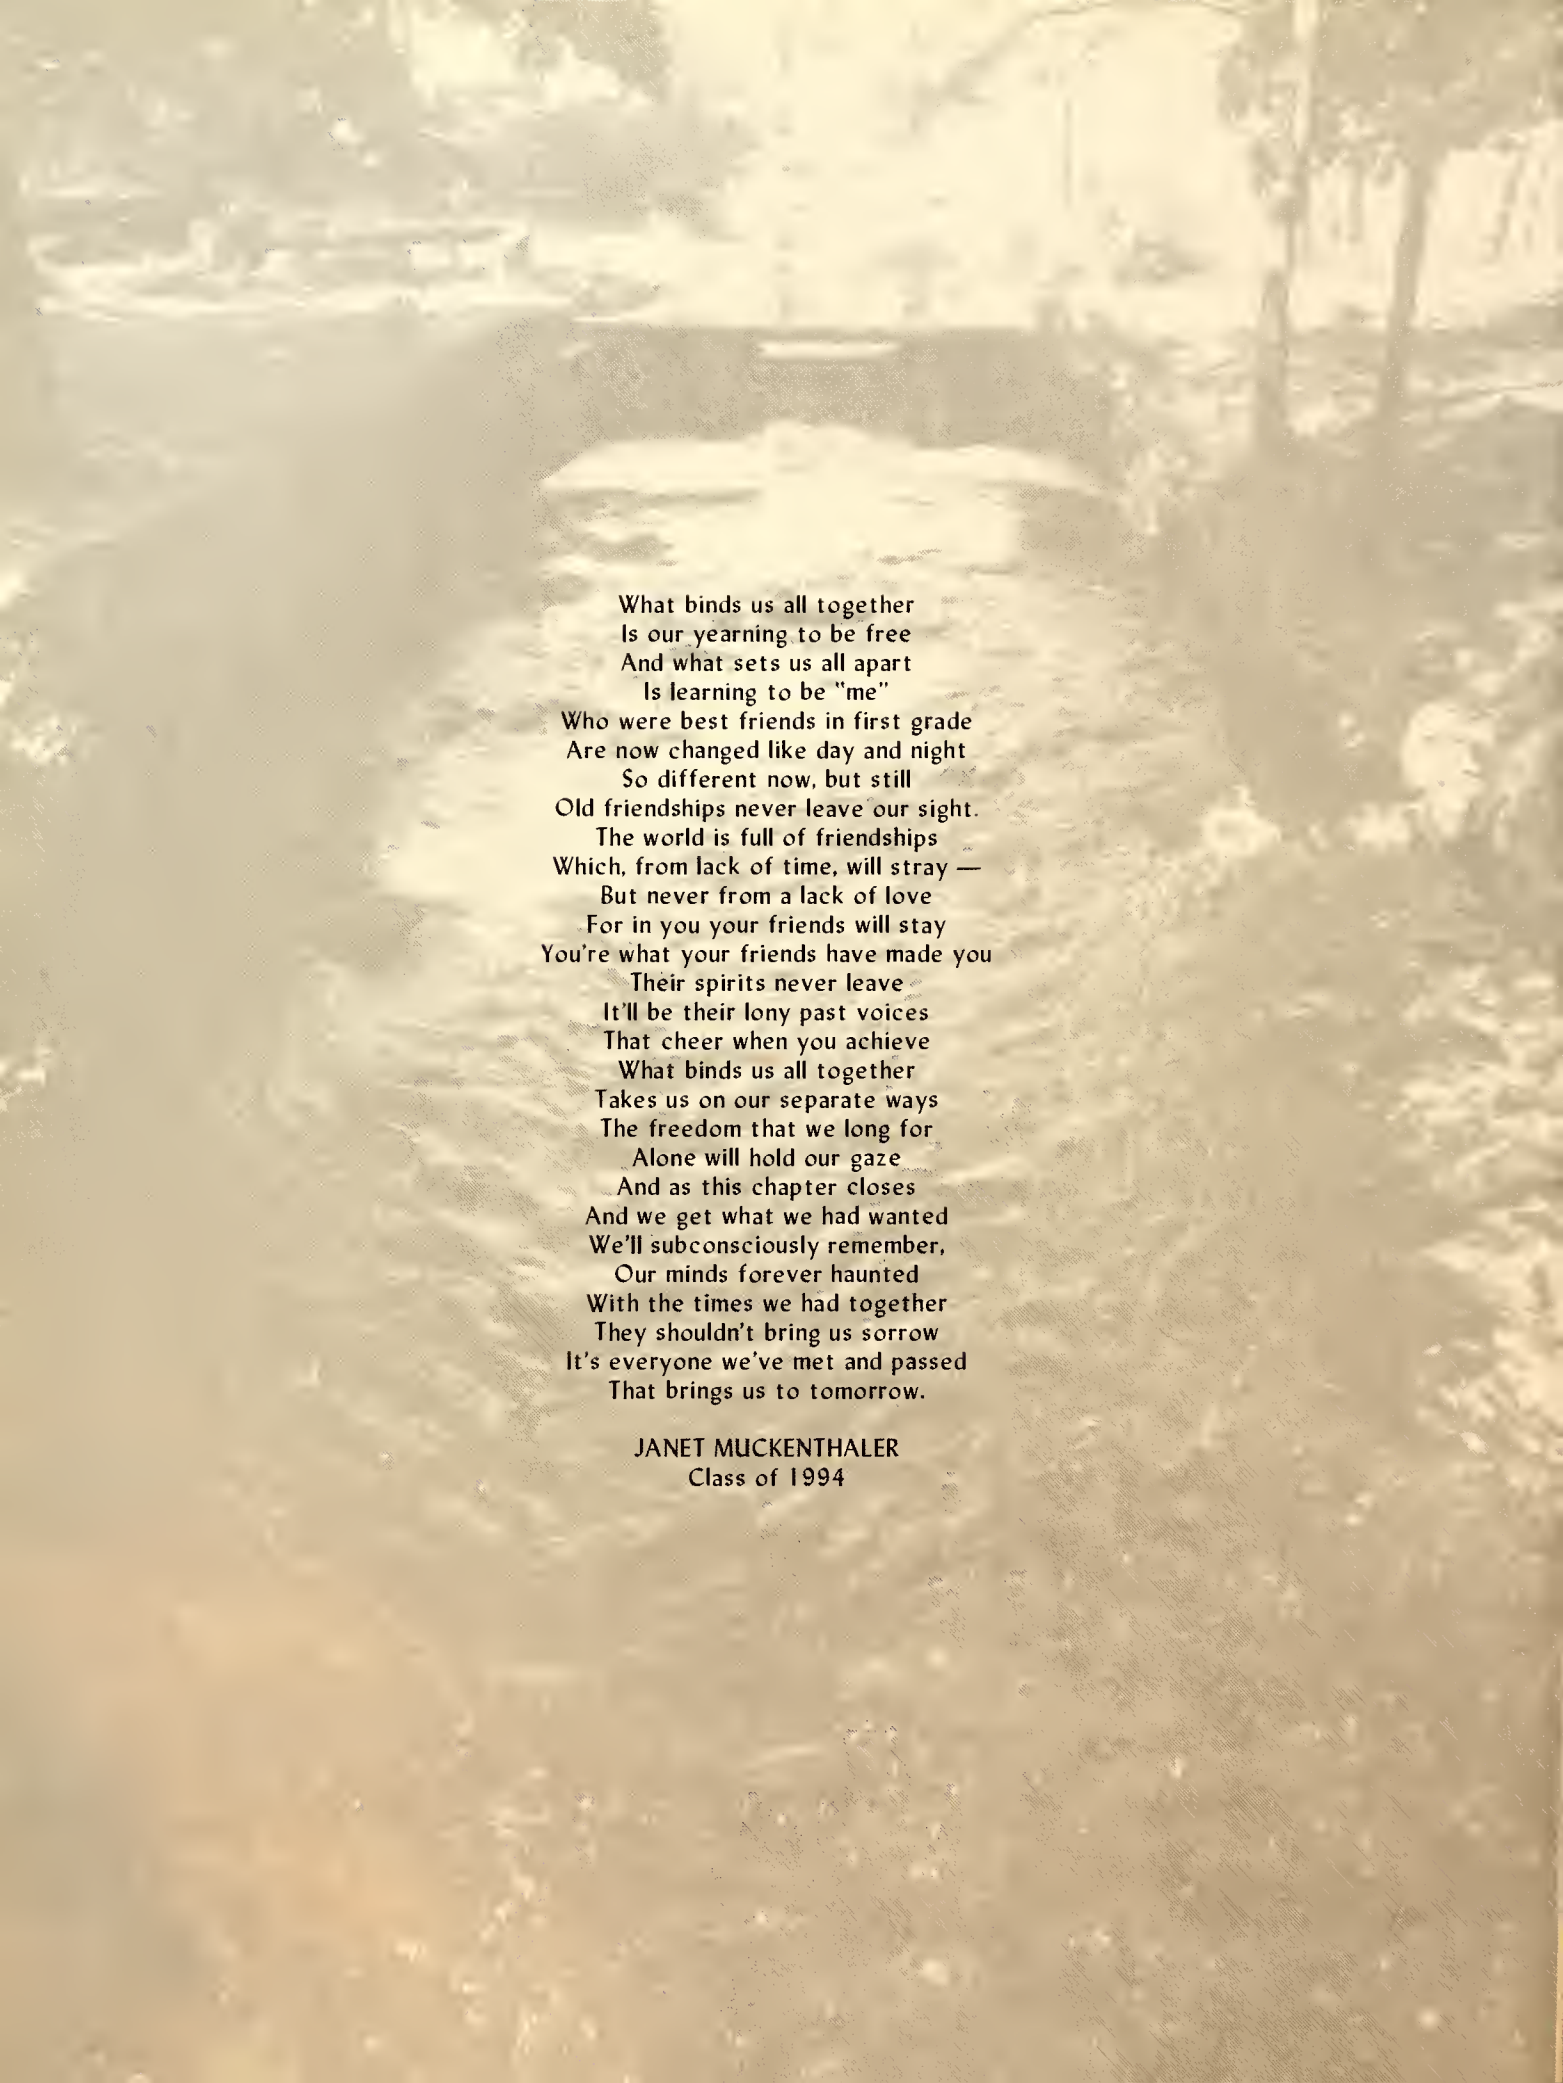

S. ERICK BENSON

Though Mr. Benson's office moved from the high school to the Spring Street School, we still saw him often around the high school, working the clock at basketball games, attending other school events, or just walking in the halls in the high school. When we saw him anytime during any of our six years at the high school, he met us with a friendly greeting and a warm smile. he was always encouraging to us as we grew and learned and tried new things, and he led us by his example. Mr. Benson taught us much and played a big part in all of our lives, and he will always be a part of our memories of West Bridgewater High School.

What binds us all together
Is our yearning to be free
And what sets us all apart
Is learning to be "me"
Who were best friends in first grade
Are now changed like day and night
So different now, but still
Old friendships never leave our sight.
The world is full of friendships
Which, from lack of time, will stray —
But never from a lack of love
For in you your friends will stay
You're what your friends have made you
Their spirits never leave
It'll be their lony past voices
That cheer when you achieve
What binds us all together
Takes us on our separate ways
The freedom that we long for
Alone will hold our gaze
And as this chapter closes
And we get what we had wanted
We'll subconsciously remember,
Our minds forever haunted
With the times we had together
They shouldn't bring us sorrow
It's everyone we've met and passed
That brings us to tomorrow.

JANET MUCKENTHALER
Class of 1994

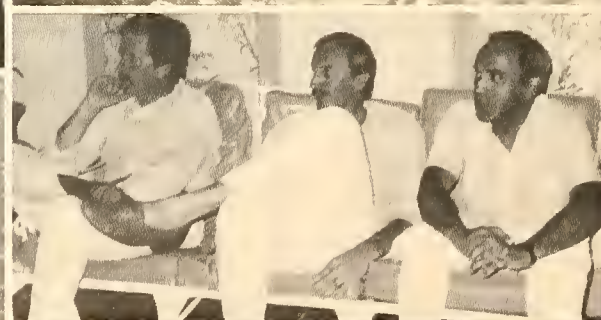

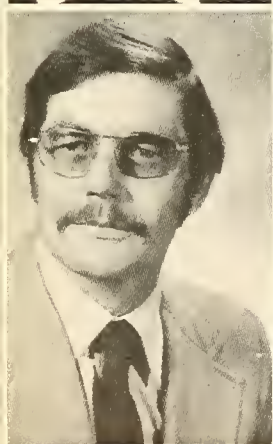

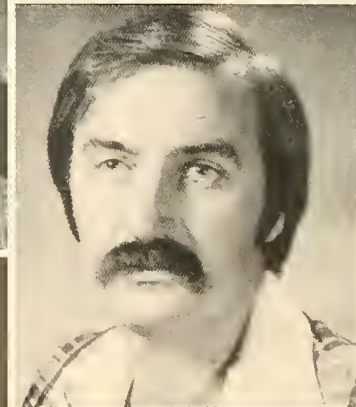

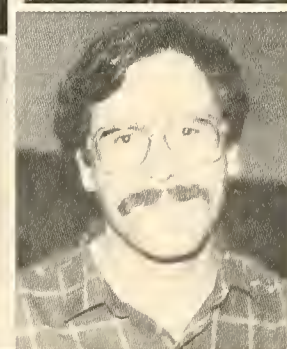

We've known each other for almost two decades; we've learned from, taught and influenced each other in countless ways, and together we've molded our individual personalities. The other students we've encountered and everyone we've known- they're all a part of you and me; they shape our lives in their own small ways.

I wish everyone in the Class of 1994 the best of luck as you explore the world and share yourselves with others.

Dr. Ronald Pacy

To The Class of 1994

Congratulations on your graduation from West Bridgewater High School. As you go out into the world, remember there is no sure way to succeed in life and be remembered. Each of us is the sum of all things not counted or anticipated. Some of you will be counted among the rich and famous. But most of us are remembered for humble deeds of life. We become immortal by being kept alive in the hearts and minds of our families, friends and children.

Have as your goal in life to always do your best, always do what is right, always help other people, and always be true to yourself. If you follow this path you will be remembered in the present and the future. I am confident that each of you will make the most of your ability and education to serve others and to have a positive influence on society. My best wishes on a bright future.

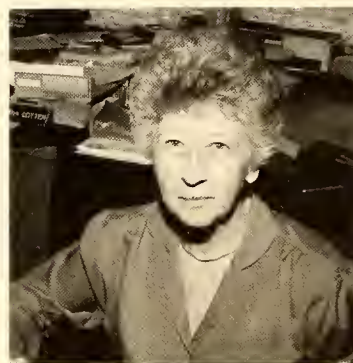

Ronald W. Pacy

Dear Members of The Class of 1994:

Through the guidance, love and encouragement of your parents, your teachers and your peers, you have reached an important milestone in your life to becoming a productive and successful adult. Graduation from high school is the gateway to a new set of challenges and profound change. The hope of a new era is dependent upon your versatility in applying your acquired knowledge and skills in adjudicating domestic and global issues.

In addressing the challenges relating to human deprivation, environmental callousness and the principles of a democratic society, you have a "moral and ethical responsibility to function courageously and impartially to assure the greatest good to the greatest number of all times". I firmly believe that your experiences in the West Bridgewater Public Schools have built character, have provided you with the courage to fight for your convictions and will help you make good decisions based on integrity and honor. These qualities make for a bright future.

Thank you for your many significant contributions to your school and community, congratulations upon your graduation and may success and happiness be yours to enjoy.

Sincerely,

S. Erick Benson

Dear Class of 1994:

The years that you have spent at West Bridgewater Junior-Senior High School have been filled with many memories: memories of experiences, friends, teachers, relationships, activities Cherish those memories, but do not live for them. Take the knowledge and experiences you have gained from the past and use them to enrich your future and your outlook on life. Make new memories!

DEAN OF STUDENTS

Mr. Robert Chapman

Congratulations to the Class of 1994!

You have completed an important phase of your lives. As a class, your achievements in the classroom, on the athletic field, and in the various school-related functions have been outstanding! Many of you will be continuing your education at various institutions of higher learning. Yet, regardless of whether or not you are in a formal school program, your education will continue throughout your entire life.

It has been a pleasure being part of your educational development, and may you continue to reap success and happiness!

"To accomplish great things, one must not only act but also dream, not only plan but also believe."

-Anatole France

WHAT IS SUCCESS?

To laugh often and much;
To win the respect of intelligent people and the affection of children;
To earn the appreciation of honest critics and endure the betrayal of false friends;
To appreciate beauty;
To find the best in others;
To leave the world a bit better, whether be a healthy child, a garden patch or a redeemed social condition;
To know even one life has breathed easier because you have lived;
This is to have succeeded.
-Ralph Waldo Emerson

It has been a pleasure working with you, the Class of 1994. May your experiences and contributions at West Bridgewater High School enhance your successes in your future endeavors. Thank you for sharing yourselves with us. Believe in yourself . . . you have the potential to make a difference. Best Wishes!

ISSUES OF THE NINETIES

What issue of the 90's do you feel has or will affect you as you leave West Bridgewater High School? Why?

Violence. Because it's everywhere now and could happen at any time. Amy Lepage

The issue I feel will affect me and every other man in the future has to deal with the right given to women to dismember their husbands and boyfriends private areas. I believe if there isn't stronger actions taken against these women, people like me and many other men will be walking around with severed parts. Shawn O'Neil

An issue that may affect me in the 90's is this issue of Tonya Harding. I'm nervous she may try to whack me in the knee before my first Super Bowl. Dan Bartell

The issue of the 90's that will affect me the most is the increasing fuel prices that will make my trucking company difficult to run. Steven Ross.

The issue of the 90's that has and will affect me when I leave W.B.H.S. is that every little thing a guy does is sexual harassment it's ridiculous, and the fact is they're going around cutting off male private parts. And only get 45 days in a mental home. This will affect every man present and future. Scott Fischer

The knowledge that I have learned through out my life is to study hard and stay in school. Amy Faria

Happiness, studying hard in college, and great success with my career. Jason Pensinger

Will our economy improve in the years to come? So there will be more job opportunities in the future. Matthew Burke

Drugs, because there are more and more people in W.B. doing harder and more intense drugs each year. Danica Santos

The injustice of the court system is an important issue of the 90's that doesn't really affect me, but concerns me. Because of this, the values and morals of children seem to be decreasing because they believe their justice will never be served. Noelle Donahue

I believe the Health Care Reform will effect us because everyone will have minimal coverage and many will lose their jobs. Sue Carmichael

The issue of yearbook censorship. Is it right or not to get rid of things that are *Too Stupid*. Mike Carnes

ISSUES OF THE NINETIES

Health Care because we all need the security of a health care plan. Anthony Florio

The issue that I feel will effect me the most as I leave W.B. is the environment and how fast it is being destroyed and what we as a society can do to stop this destruction. Kevin Kominsky

Violence. Having to leave a small safe town where the most violence we see is a lunch room brawl is going to be dangerous, and scary. Will the violence that plagues us cause us to live in fear? Jenn Snell

Clintons election affected me the most. Because if he can get elected, anyone can. John Malinsky

Crack Cocaine! It's taking over America. Brian McPeck

The Harding/Kerrigan story taught me tolerance of a monotonous issue. Kelly Newman

I think the environmental crisis will have the greatest affect on our generation. Erin Whittemore

AIDS because everyone knows a victim. Kerianne Panos

Violence because we are plagued by it. Jodi Kincade

The retirement of Bob Chapman will put an ever lasting dent in my educational career in W.B. He has acted as a tremendous role model since I came to the high school and I was hoping he would stick around until graduation. Dennis Yu

Sexual Harassment because that was the big issue in our Senior Health class. Maggie Pogorzelec

AIDS. I'm afraid I could lose close friends to a disease that we have no control over. Kaileen Chilauskas

Teenage Violence because kids aren't being instilled with the proper morals. Kelley Lange

The issue that will affect me as I leave W.B. High is violence, because it no longer is occurring in Boston or New York, but right here! Kimberly Pouliot

Civil Rights. Dan Slater

Violence. Melissa Johnson

Sex, Drugs, and Crime. Michelle DiCicco

"Would you marry me!" (Marco Almeida)

Flipper, I only have been in this school for a couple of months, but have enjoyed it. I have new friends & had good times with them. On the field trip to New York in the bus me & W.H. & Brian handcuff the class president & took pictures. This is one of my personal poems that I wrote about a girl that I like when most people who know me will know who she is. M.A. likes K.B. This is for her to remember me.

Since the first moment

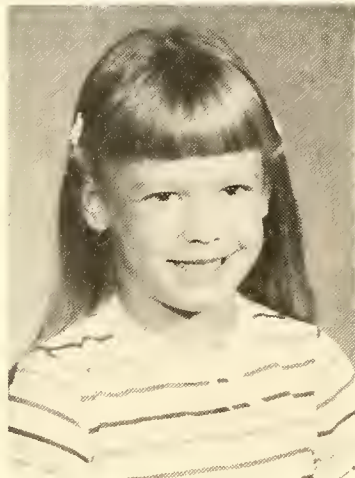

When we met I thought you were beautiful

That you had the most beautiful smile, red hair.

I just couldn't take my eyes off you. You might not like me as much I like you but as long as you care just a little about me even if it's as friends, I will be happy. Dedicated to K.B.

Love, M.A.

Future goal. To become a mechanic.

OLDIES ... BUT GOODIES

ADVICE TO UNDERCLASSMEN

Stay away from student teachers.
Drink lots of Juicy Juice.
Never forget who your true friends are.
If you can't gank it you don't need it.
Have a positive outlook.
Get a car with anti-lock brakes.
Keep track of all yellow folders.
Don't rent a U-Haul.
Take advantage of every opportunity that comes your way.
Don't give up, don't give in, let's go Wildcats, Win, Win, Win.
Don't make me come up there.
Don't drive down stairs at Bridgewater State College.
Don't chase drunk college men.
Don't smoke crack!
Respect your upperclassmen.
Never stay up all night for an A.P. exam.
Never hang sheets from a 25 foot window and expect to climb back up.
I advise you to always stay on Broman's good side.
If you wanna be cool, stay in school.
Always laugh at Mr. Weintraub's daily joke.
Pretend you understand Mr. Kellog in A.P. Calculus class.
I leave to the underclassmen all the problems they will have when they approach their Senior year!
The best advice I can leave behind is fight the Power!
Don't forget to do articles for Mrs. Cadmus.
Luck only lasts until the conditions change.
The best advice to the underclassmen is to break in the new principal and please have an excellent time doing so.
Keep on going some day you will finish.
Don't eat the cake.
Join Key Club!
Be careful of the icy steps.
Stay on track in Ms. Marber's class or you'll have to stay after.
Don't get behind on your C.A.I. Journals.
To the underclassmen have fun but, remember to study hard so you will eventually get out of school.
Don't take chemistry with Ms. Snipas.
Beware of the deceiving sloppy Joe's.
To take American Legal and Sociology.
Do you CAI Journal ASAP instead of the night before until 3 am.
A bit of advice when the teacher say you can't chew gum and think at the same time, tell them its false and keep on doing it.
Don't ever give up on something you really want.
What you will get out of school will depend on how much you put into it.
Do your journals for Mr. Reese's CAI.
Mind your own business instead of everyone elses.
Wait till your married to have sex.
Don't make the same mistake twice.
Take advantage of High School while you can because it goes by very fast.
Take American Legal and Sociology.
Run Cross Country and Track!
Don't take Chemistry
Don't hit your friends cars.
Don't take Pre-Cal.
Don't try to impress anyone just be yourself. If you decide to drink be responsible and don't drive it is not worth killing someone or yourself!!

THANKS, MR. CHAPMAN

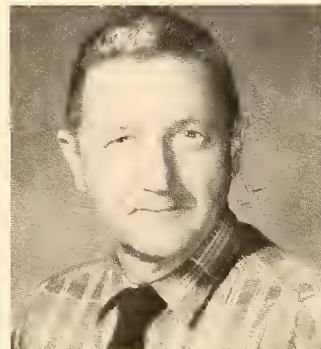

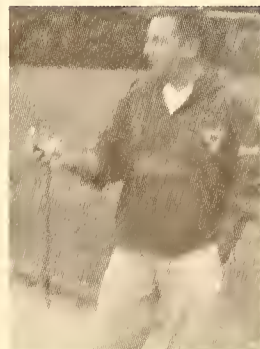

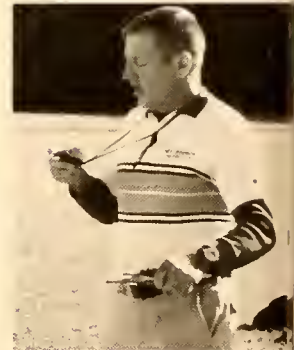

"I have played the drums in a military band overseas. I have never left the continental United States, but I have spent time in Alaska"

"A runner who goes out for the Cross-Country Team learns all about the history of the town of West Bridgewater. Each long distance work-out is a history lesson. In my favorite work-out we run to Solitude Rock, which lies next to the Town River. I learned a lot about what our town was like years ago."

These experiences have been made possible for me through the stories and teachings of my Coach and Teacher, Mr. Chapman. He's spent time teaching me about the contributions of Carl Lewis and Dick Fosbury to the sport of Track and Field. I have learned the best angle to throw a discus in order to cut down on wind resistance. I've spent hours fascinated by the stories of a man's life; stories that will guide me through my own life.

Thank you, Mr. Chapman!

SUNNYLINE BUILDERS SUPPLY

The Westies certainly couldn't be prouder as they look toward Friday's match, possibly against the Division II Massachusetts State defending Champs, at Worchester Polytech Institute. This game will mark the final game of both the six seniors and their coach, Miss Pat Conniff. No matter the outcome of this state final game, everyone at West Bridgewater High School will be a-smiling, proud of a season that had it all: back to the double sessions in August, the surprisingly good team — half of which hadn't play varsity before, the trials and disappointments, the players who "came out of nowhere," the last-minute goalie, the seniors whose feet had to grow five sizes to fill last year's shoes, the congo, the three bears, the bus-driver Tom, the W.B.H.S. News, the spaz, the bear, the tears of joy, the silence of sorrow, the boys in skirts, the wall of wind in Hull, the hat-tricks, the shutouts, the "let's have a corner"s, the full field suicides, the fans, the shouts, the will to win, Dartmouth, the overtimes, the Daybreak breakfasts, the hyperventilations, the "who's gonna win"s, the "who're we"s, the Wildcats. Miss Conniff, thanks for all your hard work & dedication.
